

	Mastery (3)	Meets Expectations (2)	Needs Development (1)	Score
Knowledge base	Has thorough knowledge of the background and motivation for project. Is familiar with relevant scientific literature.	Has a developing knowledge of the background and motivation for project. Has some familiarity with scientific literature.	Has an inadequate knowledge of the background and motivation for project. Has minimal familiarity with scientific literature.	
Technical skills	Is able to perform technical procedures and use instruments without assistance. Consistently reproduces high quality results.	Is able to perform technical procedures and use instruments with some assistance. Quality of results may be inconsistent.	Needs assistance performing technical procedures and using instruments. Consistently fails to reproduce results.	
Critical thinking and problem solving	Interprets data, draws reasonable conclusions, and proposes the next experiment. Solves problems and displays creativity.	Understands experimental methods and theoretical outcomes. Is not able to draw conclusions or propose the next experiment. Needs some help solving problems.	Does not engage in critical analysis of experimental results. Always requires help to solve problems.	
Integrity and collaboration	Works with peers and supervisors. Applies constructive criticism to improve performance. Respects different points of view. Helps in the mentoring or training of others.	Works with peers and supervisors in minimal conflicts. Sometimes applies constructive criticism to improve performance. Usually respects different points of view.	Does not plan experiments or manage time proficiently. Does not complete experiments in a timely manner.	
Terminology	Adheres to correct usage of chemical structures, formulas, equations and terminology.	Makes minor mistakes in the usage of chemical structures, formulas, equations and terminology.	Makes major mistakes in the usage of chemical structures, formulas, equations and terminology.	
Communication	Prepares oral and written presentations that are complete, well-written or delivered, and formatted and referenced appropriately.	Prepares oral and written
